Base Ball, the National Game, Makes its Reappearance.

INTERESTING AND UPHILL GAME

Yesterday Afternoon at the Old Fale Grounds-The Deveres Win in the Lucky Seventh-The Bowlers Defeated by the Athletic Wheelmen. The Wheelmen Are After Fourth

Yesterday afternoon at 2 o'clock an exciting game of base ball was played on the old fair grounds on the Island before an audience of about one thousand speciators. The contesting tenus were a picked team of Wheeling players were a picked team of Wheeling players and another made up of members of Sam Devere's comedy company now ap-pearing at the Grand. At the last mo-ment all of the comedians excepting three declined to play, the high class practice work of the local players evi-dently giving them a tired feeling. The Devere team was then recruited from local talent, with the result that they presented a strong front.

local talent, with the result that they presented a strong front.

Nau pitched for the Deveros and Hawkins for the Wheeling aggregation, and both did fairly good work. "Pop" Lytle, an old Wheeling professional who plays this season with the Binghampton team, played first out of sight, and his batting was a feature. Hawkins and Cooper, of the Wheeling team, also batted hard and often. Moran's play at second was very dizzy.

batted hard and often. Moran's play at second was very dizzy.

The Wheelings started in as though they were going to demolish the Deverse piling up eight runs in two innings. Nau then settled down and pitched good ball and his team batted out a nice up-hill victory. Seven innings were played and at the end of the sixth, the home team was one run shead. The Deveres went to the bat and by clean hard hitting challed up two runs. The home team was unable to score in this inning. The score in detail was as follows: detail was as fellows:

Defeat of the Bowlers Last Night at Schert's. Last evening The Bowlers and the Wheeling Athletic Wheelmen bowling team played two championship games at Seibert's alleys, and the result was

that The Bowlers were defeated, and are consequently out of the race for fourth consequently out of the race for fourth place. The wheelmen on the other hand are close behind the Intelligencer for fourth place, and their chances are excellent to capture it. The individual work of the players of both teams was excellent, as will be seen from the following pages: lowing scores:

His Escape, Sickness and Recovery

From the Wollace, No., Herald, Last summer Mr. D. T. Allyn, of this place, worked for the B. & M. R. R., as a section hand, on the section extending east from Tecumseh, the county seat of Johnson county, Nebraska. On the Allyn was standing on the front part of push car, and at the same time signaled another of the men to apply the brake, which slackened their speed enough to cause a gap of a few feet between the

another of the men to apply the brake, which slackened their speed enough to cause a gap of a few feet between the cars.

In steeping back to comply with the order he fell upon his back in the middle of the railroad track and the car, with its load of five men, tools and water keg, in all weighing fully a tonpassing over him. A rod on the under side of the car caught his feet and doubled him up so that his feet struck his face. As he rolled over, the bull-wheel struck his back and inflicted the injury that came so near proving fatal. The car was raised from the rails and thrown off the track.

He was carried to town and Dr. Sayder, the B. & M. R. R. surgeon at Tecumseh, was summoned. Afterwards Dr. C. C. Gafford, Dr. Yoden and Dr. Waters, all of Wymore, Neb., were called in consultation, but they could afford no relief. About the 1st of October he became paralyzed from his waist down. The sense of feeling entirely left his legs, which became drawn one across the other. Dr. Livingston, of Plattsmouth, Neb., the head physician of the B. & M. R. R. system, was summoned to treat the case, but finally informed his patient that he could not live to see July, 1893. He had not the means to nay the expenses of a law suit against the railroad company, but the company's attorneys very willingly compromised the clatan for damages by paving him \$2,000. His condition continued to grow worse, the excruciating pain in his back never ceasing, until upon the recommendation and by the request of a landfriend of the treath reporter he said, "I had no more faith in them than I would have had in eating a handful of dirt." He commenced taking the pills on the 2d day of Fobruary, taking one after each meal, and in ten days time, to his surprise and intense delight, the pain began to leave him.
